

We're excited to welcome your class to the Oregon Zoo!

To ensure that everyone has a fantastic day, we'd like you to share a few things with your students and adult chaperones before your arrival.

**Please respect the animals. The zoo is their home, and we want them to be safe and comfortable.**

- Do not feed the animals. They are on special diets, and outside food can harm them.
- Do not drop items into habitats. Immediately notify zoo staff or call **503-505-5454** if something falls into an animal's space.
- Do not tap on glass or talk loudly near habitats.
- Do not harass or tease the animals.

**Please respect zoo grounds and other guests.**

- Stay on marked paths and do not climb on rocks, cross barricades, fencing or other barriers.
- Please walk when traveling through the zoo.
- Take turns looking at the animals.
- Dispose of all trash or recycling in bins located throughout the zoo.

Lastly, we ask that chaperones remain with their assigned group of students during their visit. The Oregon Zoo requires adult chaperones for all field trip groups grades Pre-K through 12. Chaperones should model appropriate behavior while visiting the zoo and monitor and correct student behavior that does not respect animals, zoo grounds or other guests.

For more information about preparing for your Oregon Zoo field trip visit [oregonzoo.org/field-trip](http://oregonzoo.org/field-trip).

Please email us with any questions: [schoolgroups@oregonzoo.org](mailto:schoolgroups@oregonzoo.org).

Thank you, and we hope you have a fun-filled learning experience at the Oregon Zoo!
