

Future for Wildlife Conservation Fund  
Grant Awardees

| Project  | Applicant  | Award  |
|--|--|--------|
| A baseline study of Oregon spotted frogs in Sunriver, Oregon   | Jay Bowerman, Sunriver Nature Center   | 2,000  |
| African elephant chemoreception field research at Samburu Reserve, Kenya   | L.E.L. Rasmussen, Oregon Graduate Institute  | 2,500  |
| Amur leopard anti-poaching effort  | Tigris Foundation  | 500    |
| Amur Leopard Fund, Hornocker Wildlife Institute status and habitat survey  | Alan H. Shoemaker, Riverbanks Zoological Park  | 500    |
| Bushmeat Crisis Task Force   | Michael Hutchins, Chair, BCTF Steering Committee, American Zoo and Aquarium Association  | 500    |
| Center for Ecosystem Survival  | Norman Gerschnezh, Director, San Francisco State University  | 500    |
| Chimfunshi Wildlife Orphanage Education Center Supplies, Zambia  | Doug Cress, Chimfunshi-USA   | 500    |
| Community Relations Officer Program  | Reg Hoyt, Forest Partners International  | 2,225  |
| Comparative nesting behavior and hatchling emergence of the western painted ( <i>Chrysemys picta belli</i> ) and western pond ( <i>Clemmys marmorata marmorata</i> ) turtles at Smith and Bybee Lakes and Burlington Bottoms | Teresa DeLorenzo, and<br>Susan G. Beilke, Northwest Ecological Research Laboratory   | 2,100  |
| Conservation Action Partnership: North America   | Blair Csuti, Oregon Zoo<br>Richard Block, Santa Barbara Zoological Gardens   | 3,000  |
| Conservation campaign for the Humboldt penguin in the Pisco Parcas area, Peru (Phase I)  | Mónica Echegaray, ACOREMA  | 4,580  |
| Creation of a database of captive and semi-captive primates in Colombia  | Fernando Nassar-Montoya, Centro de Primatologica Araguatos   | 1,700  |
| Emergency interim support for Punta San Juan Reserve, Peru   | David Shepherdson, Oregon Zoo<br>(on behalf of Patricia Majluf and Patricia McGill)  | 3,000  |
| Endangered turtles of Hainan Island, China [total includes 2 funding cycle awards]   | A. Ross Kiester, U.S. Forest Service<br>T. J. Papenfuss, University of California, Berkeley<br>S. Hai-tao, Hainan Teachers College | 6,000  |
| Environmental Education Projects for Rodrigues, Mauritius [total includes 7 funding cycle awards]  | Kimberly (Whitman) Lengel, Zoological Society of Philadelphia, in cooperation with the Mauritian Wildlife Foundation               | 21,000 |
| Evaluation of a minimally disturbed population of the northern red-legged frog ( <i>Rana aurora aurora</i> ): development of baseline reference conditions for understanding phenology, movement, and demography             | Marc Hayes, Portland State University  | 2,025  |
| Fender's blue butterfly ( <i>Icaricia icarioides fenderi</i> ) population supplementation pilot project  | David Shepherdson, Oregon Zoo  | 1,625  |
| Field conservation support for Oregon Zoo Living Collections staff   | David Shepherdson, Oregon Zoo  | 1,803  |
| Field support for "Sex differences in parental investment of Humboldt penguins, Punta San Juan, Peru," June 8-15, 1999   | Shawn St. Michael, Oregon Zoo  | 1,700  |
| Field support for guano harvest observer, Punta San Juan, Peru, February 16-March 2, 2001  | Jan Steele, Oregon Zoo   | 1,427  |
| Future for Wildlife brochure   | Kim Freed, The Oregon Zoo Foundation   | 690    |
| Humboldt Penguins Go to School In Pisco, Peru  | Monica Echegaray, ACOREMA  | 5,000  |
| Influence of availability of snags and roost trees on presence and habitat use of bats [total includes 2 funding cycle awards]   | Edward B. Arnett, Department of Forest Science, Oregon State University  | 3,000  |
| International Snow Leopard Trust Project Partner [total includes 3 funding cycle awards]   | Owen Rogers, International Snow Leopard Trust  | 3,000  |

Future for Wildlife Conservation Fund  
Grant Awardees

| Project  | Applicant   | Award  |
|--|---|--------|
| International Snow Leopard Trust Project Partner: Snow Leopard Survival Strategy Summit  | Brad Rutherford, ISLT   | 1,000  |
| Jaguar ( <i>Panthera onca</i> ) relative abundance in the Huasabas-Sahuaripa region, Sonora, Mexico  | Carlos A. Lopez Gonzolez, Denver Zoological Foundation                        | 1,000  |
| Kasese Wildlife Conservation Awareness Project   | Asaba Mukobi, Oregon Zoo  | 5,000  |
| Logistical support for WCS/Humboldt Penguin SSP guano harvest monitoring project   | Patricia McGill and Patricia Majluf, Brookfield Zoo and WCS, Peru             | 1,500  |
| Lowland tapirs as landscape detectives for the Atlantic Forest: a new conservation approach  | Patricia Medici, Institute for Ecological Research                            | 2,900  |
| Matabeleland cheetah and leopard research program, Zimbabwe [total includes 6 funding cycle awards]  | Wilson, Chipangali Wildlife Trust<br>Chris Pfefferkorn, Oregon Zoo            | 32,150 |
| Monitoring 1999 Humboldt penguin nesting success at Punta San Juan, Peru   | Rosana Paredes, Wildlife Conservation Society/Bronx Zoo                       | 1,500  |
| Natural Partnerships Program   | Jennifer Snell Rullman, Snow Leopard Trust                                    | 2,000  |
| Northern red-legged frog movements in an urban-constrained environment   | Jennifer Serra, Evergreen State College                                       | 1,500  |
| Oregon silverspot butterfly population supplementation   | David Shepherdson, Oregon Zoo   | 1,625  |
| Oregon spotted frog ( <i>Rana pretiosa</i> ) habitat use and effects of grazing  | Amy Shovlain and Deanna Olson, Oregon State University                        | 1,980  |
| Oregon Zoo Conservation Greenhouse Start-up  | Blair Csuti, Oregon Zoo   | 4,890  |
| Oviposition of pond-breeding amphibians: the potential influence of exotic plants  | Catherine M. Callison, Portland State University                              | 1,311  |
| Peninsular pronghorn recovery project in the Viscanio Desert Reserve, Baja California Sur, Mexico [total includes 3 funding cycle awards]  | Jeff S. Holland, Los Angeles Zoo  | 7,707  |
| Population study of the western gray squirrel  | Susan E. Weston, Portland State University                                    | 455    |
| Project Partner to build predator-proof corrals in Hemis National Park, Ladakh, India  | Rodney Jackson, International Snow Leopard Trust                              | 1,000  |
| Pygmy rabbit captive breeding and reintroduction program   | David Shepherdson, Oregon Zoo   | 1,000  |
| Radio telemetry and field equipment for Washington western pond turtle head-start program  | Frank Slavens, Woodland Park Zoo  | 2,600  |
| Rapid assessment of the current conservation status and future management needs of the endangered Javan warty pig ( <i>Sus verrucosus</i> )  | Erik Meijaard, Australian National University                                 | 2,900  |
| Repair of Punta San Juan, Peru, barrier wall (Funds raised by The Oregon Zoo Foundation independently of the conservation Fund, including a challenge grant from IFC Foundation)                             | Patricia Majluf and WCS/Bronx Zoo   | 25,529 |
| Schools awareness program for elephant conservation  | Jayantha Jayewardene, Biodiversity and Elephant Conservation Trust, Sri Lanka | 8,187  |
| Sex differences in parental investment of Humboldt penguins at Punta San Juan [total includes 3 funding cycles]  | Sabrina Taylor, Smithsonian Institution, Dalhousie University                 | 6,533  |
| Support to attend the Humboldt Penguin Population Habitat Viability Analysis (CBSG, Chile)   | Cynthia Cheney, Penguin Conservation  | 1,300  |
| Surveys and monitoring of nesting behavior for populations of western painted ( <i>Chrysemys picta belli</i> ) and western pond ( <i>Clemmys marmorata marmorata</i> ) turtles at Burlington Bottoms, Oregon | Sue Beilke, Northwest Ecological Resources Institute                          | 2,000  |

Future for Wildlife Conservation Fund  
Grant Awardees

| Project   | Applicant  | Award  |
|---|--|--------|
| The effect of forest fragmentation on the conservation of the golden-crowned sifaka/ankomba malandy ( <i>Propithecus tattersalli</i> ) in northern Madagascar | Astrid Vargas, Smithsonian Institution   | 2,000  |
| The influence of captive rearing on behavior and demography of endangered Northwest butterflies   | Sheryl Schultz, Washington State University, Vancouver, WA                                 | 2,524  |
| The stress response in Humboldt penguins: How much does habitat and body condition matter?  | P. Dee Boersma, University of Washington   | 2,270  |
| The Xerxes Society search for new populations of imperiled butterflies  | Scott Hoffman Black and Mace Faughan, The Xerxes Society                                   | 3,000  |
| Travel to Chengdu, China, for training course in behavior and enrichment for giant pandas prior to reintroduction to the wild                                 | David Shepherdson, Oregon Zoo  | 1,300  |
| Tree Kangaroo conservation program in Papua New Guinea [total includes 5 funding cycle awards]  | Lisa Dabek, Roger Williams Park Zoo  | 15,000 |
| Western Pond Turtle Project   | David Towne, Woodland Park Zoo   | 2,600  |
| Where do Humboldt penguins go when they aren't breeding, Punta San Juan, Peru   | P. Dee Boersma, University of Washington   | 5,300  |
| Wildlife-Community Extension: A community approach to hirola ( <i>Beatragus hunteri</i> ) conservation in situ  | Solomon Kyalo, Kenya Wildlife Service  | 5,000  |
| Year 2: Conservation education and pastoral communities: Educating teachers to enhance local understanding of human-wildlife interactions                     | Martha Fischer, Saint Louis Zoo WildCare Institute<br>Dan Rubenstein, Princeton University | 2,285  |
| Zoo Conservation Outreach Group: Institutional Partner  | Daniel Hilliard, Executive Director  | 500    |
