

# Scavenger Hunt

Seek and find at your zoo!

I sleep during the day and awake at night. I eat fruit, hang upside down, and can echolocate.

\_\_\_\_\_

I am black and white and waddle when I walk. I am also an expert swimmer and come from South America.

\_\_\_\_\_

I am the fastest land animal in the world, yellow and have black spots. My top speed is around 70 mph!

\_\_\_\_\_

I am super tall, yellow, and have brown spots. I also have a purple tongue and the largest heart of any land animal.

\_\_\_\_\_

I am dark brown with long horns. I hang out near my friend, the giraffe. I often get confused for my cousin the gazelle, but I can't jump.

\_\_\_\_\_

I love to monkey around, but I am truly an ape. I have black fur and live with all my friends.

\_\_\_\_\_

I love the water, have brown fur and live on the shore. I eat oysters and clams and love swimming on my back.

\_\_\_\_\_

I am called bald, but my head is just white. I represent the United States and soar super high in the sky.

\_\_\_\_\_

I do not have a tail to swing from tree to tree and I am not a monkey. I am very small and the only one of my kind living with the orangutans.

\_\_\_\_\_

I am super big, have tough skin, and have a big horn. I can't see too well, but my hearing is really good.

\_\_\_\_\_

I am tiny, live by myself, and I am orange. I am much smaller than my cousin the panda.
