Primary theme statements:

1. Polar bears and their habitats are amazing.
2. Polar bears are struggling with the effects of climate change.
3. Our keepers and bears work together as partners in conservation science.
4. You can make a difference for polar bears.
Primary theme statements:

1. Human caused deforestation is the most significant environmental challenge facing primates around the world. We can make a change!

2. Apes are incredible, intelligent and highly adapted for life in the forest.

3. Oregon Zoo is committed to providing an enriching environment for the primates in our care.
